

Unity Foundation
EDUCATION FOR EMPOWERMENT

PAYROLL GIVING CAMPAIGN

Round-down your paycheck and
donate *to support education!*

**PAYROLL
GIVING**

EMPLOYEES • HR MANAGERS • COMPANY MANAGERS

Round-down your paycheck and donate *to support education!*

*Payroll Giving** is a free and tailor made system that allows individuals to make automatic donations on a monthly basis via their paychecks. We set everything up so that salaries are rounded-down and the difference automatically donated to our education projects. Donations are tax deductible. Various options allow Payroll Giving to be tailored to the wishes of the company and its employees:

Collective

All the employees of the company participate.

Individual

We set up the system for the employees who wish to donate.

Choose your amount

Every participant can donate the amount of their choice.

Employer

The company can choose to match and double the employees' donations!

**Payroll giving: an initiative from Padem, with the support of Securex.*

ABOUT US

Unity Foundation offers education and training programs that build capacity in youth and adults, in Luxembourg and around the world, **to establish community schools, engage in agricultural activities, and serve their communities according to their talents and aspirations.**

Today, we work with a network of local partners in Latin America, Africa and Asia, supporting their efforts to empower local communities to take charge of their own development. In Luxembourg, we carry out development education activities aimed at raising awareness among young people aged 11 and over on the principles and values underlying sustainable development and on their potential to become protagonists of social change.

All our projects are co-financed by Luxembourg's Ministry of Foreign Affairs.
