Turn every payday into an act of solidarity!

Designed for businesses, *Earn & Give* is a flexible, customizable program with no fees. Together, we set up a system for rounding up salaries or donating amounts chosen by employees. All donations are tax-deductible. Various options allow Earn & Give to be tailored to the needs of both the company and its employees:

Collective

Have all staff round up their salaries.

Individual

Implement *Earn & Give* on a portion of employees.

Free choice

Individual subscription, for an amount of the employee's choice.

Employer

The company can choose to match and double the employees' donations!

ABOUT US

Unity Foundation offers education and training programs that build capacity in youth and adults, in Luxembourg and around the world, **to establish community schools, engage in agricultural activities, and serve their communities according to their talents and aspirations.**

Today, we work with a network of local partners in Latin America, Africa and Asia, supporting their efforts to empower local communities to take charge of their own development.

All our international projects are co-financed by Luxembourg's Ministry of Foreign Affairs.
